# ACADEMIC BASECAMP — PROGRAMME

The second edition of the Academic Basecamp is organized within the activities of the “International Master in Horticultural Science (IMaHS)” jointly offered by the University of Bologna and the Free University of Bozen-Bolzano.

Master Students from TUM will join the event

## Aims

- to deepen students' knowledge about the horticultural industry and related job opportunities;
- to stimulate interactions among IMaHS students from UNIBO-unibz and TUM;
- to strengthen students' soft-skills competences;
- to provide knowledge about current challenges in horticulture in tropical areas.

Pay attention: It might snow or have snowed.  
Bring suitable clothes and shoes

## 22 February 2017

- 11:00-12:15 Arrival at Bolzano. Visit to the university (Library, Lab, Aula Magna)
- 12:30 Lunch
- 13:15-14:00 Welcome address and information about the third semester - presentation of the partner Universities (unibz, TUM)
- 14:00-17:30 Stakeholders' presentation and round table with students

### Participating Companies

- M. Civitareale, Biolchim (biostimulants-fertilisers)
- L. Rocchi, Zespri Ltd (International Organization of Kiwifruit Production and Marketing)
- A. Dalpiaz, ASSOMELA (Italian Association of apple growers)
- M. Neumüller, Bavarian Centre of Pomology and Fruit Breeding (private breeding and consultancy)
- J. Nebelmeir, Lazzeri Giovani Piante (nursery of ornamental plants)
- M. Montefiori, Newplant (evaluation of new varieties)

18:00 Transfer to Renon

20:00 Dinner

## 23 February 2017

- 8:30-12:30 Improving students' soft skills:
- Soft skills in professional portfolios and in CVs (M. Canavari, UNIBO)
  - Delivering effective presentations (F. Scandellari, unibz)
  - Problem Solving and Decision Marking (C. Fischer, unibz)
  - Industrial property and agroindustry (S. Borrini, Società Italiana Brevetti)
- 12:30 Lunch

13:00-15:00 Social activity (walking around)

15:00-19:00 Team work: finalizing students' presentations

20:00 Dinner

## 24 February 2017

### 9:00-12:00 Students' Presentations

- Innovative approaches to fruit and vegetable marketing by Venturi M, Bergamin O, Pascoletti E, Munongi LK, Nguepie FM, Zhao S, Liu Y
- Response of horticultural crops to climate change by Caldera E, Pondini S, Zuffa F, Alexandrou P, Tonini P, Kavousi S, Kakoulidou I, Parajuli U, Siodmak A
- Problems related with the introduction of alien species in horticulture by Aldrighetti A, Serra MG, Armillotta D, Fellin L, Kaufman E, Rizzoli L, Hossain MA, Sood A
- Urban horticulture from environmental, economic and social perspectives by Innocente G, Cappello M, Vanni C, Baldo D, Fornito S, Lazarous OJ, Wagar M, Hafeez Ul Barkat M
- The role of traceability in fruit and vegetable supply chains by Preti S, Pedrazzi M, Ndubueze-Hope B, Osei RK, Jakkala KY, Bergamo E, Liang Y, Xu C
- Water challenges in horticulture by Ajolfi D, Cappelletti E, Stringari G, Cavrini P, Asamoah S, Djemoyisseu W, Gaddam C, Feil S, Njweng Mirabel A

12:30 Lunch

13:45-15:45 “Food security in Tropical Areas: guidelines for sustainable horticultural production” N.Michelon (UNIBO)

16:00 Departure from Renon
